

Steve Fleming, III

Westover Hills, San Antonio, TX | Steve.Fleming1995@gmail.com | (210) 789-6353

Summary:

Computer Science senior with a concentration in Cyber Security and a strong foundation in mathematics and programming. Experienced in developing computational problem sets, debugging code, and collaborating with academic teams to deliver high-quality technical solutions.

Education:

May 2026	Bachelor of Science in Computer Science Concentration: Cyber Security Minor: Mathematics University of Texas San Antonio, San Antonio, TX
December 2023	Associate of Applied Science in Information Security Northwest Vista College, San Antonio, TX

Work Experience:

July 2024 - Present **UT San Antonio, San Antonio, TX**

Work Study for the Department of Mathematics

- Developed and implemented calculus problems using WeBWork, applying programming logic and mathematical modeling
- Provided technical support and guidance to faculty and students, translating complex issues into clear solutions
- Identified recurring technical issues and trends, recommending improvements to problem design and system usage
- Supported departmental operations by assisting students and faculty, demonstrating strong communication and organizational skills

May 2018 - Nov 2020 **OptumRX, Phoenix AZ**

Customer Service Advocate with the Service Recovery Team

- Analyzed and resolved complex prescription and insurance-related issues, requiring critical thinking and data interpretation
- Achieved highest first-call resolution performance globally (July 2020), demonstrating efficiency and problem-solving ability
- Trained and mentored new employees on problem resolution workflows and customer support best practices

Technical Skill:

- Programming and debugging in WeBWork PG, Java, and Python
- Linux Professional Institute Certification Level 1 awarded in 2022
- Soft Skills: Cross-functional collaboration, analytical problem solving, continuous learning mindset, and exceptional customer service
